## Elton Spring Clean

Every year the Parish Council makes a kind request to residents to help keep our village looking clean and tidy.

With local councils doing less to keep our village swept, mown and weed free, Elton can start to look somewhat untidy after the winter months. All we can do as a Parish Council is ask everybody to do their bit around their own homes by sweeping the streets, weeding the footpaths and cutting the grass.

If everybody did just that little area where they live, the whole village would be an even more beautiful place to live.

## Councillor's Corner

### Parking in Elton

Elton village preceded the car by more than a millennium, so it is somewhat inevitable that today we have conflicts between access and parked cars. Indeed, this is the subject of many complaints and hours of discussion at Parish Council meetings. We respectfully ask all residents and visitors to park their vehicles legally, with due consideration for road safety, junction visibility and road markings. Sometimes we may have to park up to 50 meters from our own front doors but a small price to pay for village harmony.

### Elections

Local elections will be held across the Derbyshire Dales on Thursday 4<sup>th</sup> May 2023. All Parish Councils will be up for election as well as 35 seats on Derbyshire Dales District Council. You can find out everything you need to know about the elections, how you can stand as a candidate and who will be competing for your votes at [www.derbyshiredales.gov.uk](http://www.derbyshiredales.gov.uk). The Parish notice board and website will also be kept updated.

**IMPORTANT: From 4th May 2023 onwards, all voters are required to show photographic identification (photo ID) at polling stations before they are given a ballot paper.** There are numerous forms of ID that will be accepted, such as a driver's licence, passport, Gold Card, bus pass or Blue Badge. Please note that this is a national policy that has been put in place by Central Government – not Derbyshire Dales District Council.

### Garden Waste Subscription 2023/24

Derbyshire Dales residents who want to have their garden waste collected must opt into the Garden Waste Subscription Scheme. To sign-up to next year's scheme, starting on 1<sup>st</sup> April 2023, can do so now. The charge for the year is £50.00. To subscribe to the Garden Waste Scheme or to find out more, please visit [www.derbyshiredales.gov.uk](http://www.derbyshiredales.gov.uk) or call the Council on 01629 761100.

## **Last call for a Village Hall Chair**

The next AGM of the Elton Village Hall Management Committee will be held in April 2023. As the current chair of the committee, I have now served for over 10 years – 9 years more than I was originally intending to. I am now ready to hand over the reins to somebody else. Could that be you?

The role isn't all that demanding (about 2/3 hours work per month), but it would better suit somebody who has the time and flexibility to give it a bit more attention and focus. So, if you fancy taking on a little project that means you can give something back to the community, then get in touch for more details. If a new Chair cannot be found, the running of the Village Hall will return the responsibility of the Parish Council. This is fine, but it will mean the loss of the charity status which could make it harder to attract grant funding.

## **That's it from me... for now**

Sadly, this will be the last piece I write for the Elton Echo as your District Councillor. But I am sure I will be continue making contributions on behalf of the Parish Council. Whoever the next District Councillor is, I wish them the very best of luck and I will give them my full support.

Thank you again to everybody who has supported me over the last 14 years and for giving me the opportunity to serve our community. At times it has been challenging, but I am leaving the job knowing that I have always given it 100% and that much has been accomplished.

I will miss it, but there is nothing to say that I won't give it another go further down the line. For now, I am looking forward to being less busy and spending more quality time with my family.

**It's been a pleasure. Thank you.**

### All Saints Church

Team Curate:

Rev J Spreadborough 650829

Church Warden:

John Sinclair

Hello everyone, where has the time gone since Christmas. We are now knocking on the door of Easter, but before we start getting tempted with the thought of yummy chocolate eggs, we must first think about what the build-up to Easter is. Of course, it's Lent and a very important time for Christians. It begins on Ash Wednesday the 22<sup>nd</sup> of

February and is the season of true reflection and preparation before the celebrations of Easter.

We observe Lent for 40 days, which is marked by fasting both from food and festivities. The word Lent comes from the Anglo-Saxon word *lenchen*, meaning "Lengthen" and refers to the lengthening days of spring. The forty days represents the time Jesus spent in the wilderness, enduring the temptations of Satan, and preparing to begin His ministry.

Our Easter Sunday service is on the 9th of April at 11am. As is the tradition in Elton, all are welcome to receive Communion at our "open table".

Can we just take a moment and look at our lives' and how fortunate we are to live in peace, in such a beautiful place as here and let's remember, through this period of Lent, those less fortunate than us.

A Psalm for Lent.

Psalm 27:14 – Wait for the Lord; be strong and take heart and wait for the Lord. Amen.

Also, just to mention we are soon going to start our "churchyard gardening team" so if anyone wants to join us contact me on 07548 264963..There will be coffee tea and cakes, yippee! Anyway, a big thanks to everyone for your support and may it continue.

Rev'd John Spreadborough

### **Extreme weather 1884**

While global warming may be increasing their frequency, extreme weather events weren't unknown in the 19th century. The Derby Daily Telegraph Friday 11 July 1884 reported on a severe thunderstorm over the Peak District that week.

*"The destruction of sheep and cattle is unprecedented even amongst the hills of the Peak where, when a thunderstorm occurs, a certain amount of damage to flocks and herds has generally to be chronicled. Mr Adam Clark of Wensley had three sheep killed; Mr Stone of Ible, two cows. A tree at Lea Croft Farm, Winster was torn up by the roots. Mr Housley of Leadnams Farm, Elton, sustained a very heavy loss, six cows, all he had, having been struck by the lightning and killed. Mr Housley had only taken the farm a few months since, and had bought these cows at the Bakewell cattle market to put on the farm."*

Three weeks later the same newspaper had more to say about Mr Housley's loss.

*"Mr Housley of Lead Mines Farm, Elton, who had eight cows, value £130, killed by lightning during the late storm, now finds that although living in the place but a very short time his lot fell amongst generous people. Mr John Heathcote of Winster and a few others took up the question of raising a subscription for Mr Housley in a practical and active manner. A sum of £136 was subscribed, being £6 over and above the value of the cows. The whole amount was handed over to Mr Housley."*

*The other farmers in the Peak who lost cattle by the lightning on that awful evening, having been more accustomed to the danger arising from storms amongst these hills than Mr Housley did not feel the loss so much, their cattle having been insured. This is a wise precaution for farmers in the Peak."*

Continued on next page

*Continued from page 6*

It's also a wise precaution to avoid sheltering under a tree during a thunderstorm. That's what the eight unfortunate cows were doing when lightning struck the tree. Lead Mines (aka Leadnams) Farm is high above the village, down a long drive off Exlowmere Lane. From the opposite side of the village, on Cliff Lane, you can see Lead Mines Farm buildings on the brow of the hill by a small copse of conifers.

A little delving on Findmypast.co.uk revealed that Joseph Housley had previously farmed at Warren Carr Farm, near Darley Bridge, with his wife Hannah. For some years before moving to Elton he had been a stoneworker in Darley Dale. Two years after Hannah's death in 1892 Joseph married Ann Elizabeth Wright from Bonsall and moved from Lead Mines to the much larger 74-acre Cliff Farm, Elton.

## CERTAIN MISSING PIECES FROM AN 80 YEARS OLD JIGSAW

I recently managed to get hold of my father's army personnel record relating to his service in the Second World War. Although I already knew about the most important parts of his wartime experiences, there were a few gaps in his story which I felt needed filling. So in February 2021, having researched the procedure, I completed the relevant application forms, dug out my Dad's death certificate and proof of my connection to him, before sending off these various documents together with a cheque for £30 to the Ministry of Defence.

As the months came and went I was aware that the cheque had never cleared. I suppose I assumed that the procedure had gone the way of so many others during the pandemic and that nothing would ever come of my request. Then - surprise, surprise - just before Christmas (2022!) a large envelope arrived containing a photocopy of my father's army file. There was a thick wedge of documents in the package. My cheque was returned and a covering letter apologised for the delay and indicated that the fee for supplying the information had been waived. It had been almost two years since I had originally sent off the application.

The documents indicate what Dad was up to and when - and with which units. He was in 63 Coy RASC which became part of the British Sixth Airborne Division as D Day approached. On his file there are details of the various training he undertook while in the army, the results of periodic medical examinations and details of certain vaccinations he was given. His periods of leave are listed including periods when he was given special agricultural leave (without pay!) to help his brother Rex at haymaking time. The medals Dad was awarded after the war are listed towards the end of the record. He was demobilised in 1946 but, in common with other WW2 personnel, the papers indicate that he was not finally discharged from Reserve Liability until June 1959.

For those who don't know, my Dad was Elton resident Cliff Stone. In 1944 he was involved on D Day and at Arnhem. And in the first part of 1945 he was part of the British force which fought its way through France, Belgium and Holland before entering Germany. They eventually met up in Germany with the Russians coming from the opposite direction just before VE Day. This is all very serious and incredibly impressive stuff but hidden away in Dad's records are some lighter and rather less perfect moments. As you read about them I hope you will bear in mind that Cliff was a single man in his early twenties at the time and that, as is the case now and was then, boys will sometimes be boys!

Hidden away among many other details, the records indicate that Cliff was admitted to Chesterfield Royal Hospital on 7 November 1943 and remained there until 26 November. No further details are given in the files but I already knew the background to this. Cliff was training in Durham at the time. Part of this training was instruction in how to drive various army vehicles. It so happened that this type of instruction was given at Bakewell. So quite by coincidence Dad found himself back in this area for a few weeks. Whilst in Bakewell he heard that a couple of his Elton mates were back home on leave and, one evening, he cycled up to the village to have a drink with them. It seems that Dad had rather too much beer in the Duke and, almost certainly as a result, he came off his bike down Burycliff Lane (en route back to Bakewell via Youlgrave). He was very badly concussed and woke up in hospital. There is a well told story in our family of how Cliff's older sister Phyllis

took a bucket to Burycliff Lane and, presumably using water from the troughs, washed a large amount of blood off the road. Meanwhile Cliff was having a lovely time. According to his journal, 'I had a very enjoyable three weeks in hospital. The nurses were very kind to service personnel. We got all the little treats that were going'. I never did ask him what that meant.

Another incident on his file is dated March 1945 by which time I reckon Dad would have reached Holland or possibly even Germany. Anyway, according to the file he was *'admonished and ordered to pay £2 towards the cost of damage incurred while on active service for negligently driving an army vehicle thereby becoming involved in an accident and causing damage to the extent of 28 pounds seven shillings and threepence'*. Oops!

Earlier in the war he had been stationed at an anti-aircraft gun site near Peterborough when he was *'awarded 7 days field punishment for an offence under section 40 of the Army Act while on active service for conduct to the prejudice of good order and military discipline in that he was seen improperly dressed at approximately 10.20 and again at 22.50 on the highway by having his battledress blouse unfastened at the neck.'* I have not been able to establish exactly what 'field punishment' would have involved but seven days of whatever it was seems rather harsh for what would seem to be a very trivial offence. However, having consulted my military guru (Jonathan Snodgrass) I understand that if he had been told about his top button at 10.20 but had not done anything about it by 22.50 this might well have been construed as disobeying an order - which Jonathan explains is a rather more serious charge.

Having spilt these military beans, I should point out in fairness to Cliff that the episodes mentioned here are little more than minor footnotes in comparison with the many important events during his five year army career. As a relative once told me 'Your Dad played his part in some of the most important military moments in our history. Very few people can say that.' He was right.

## School News

We've had visitors into school and more visits out of school. It was really interesting having the Derbyshire Dales Recycling Team come and explain what happens to our waste. They came with their Recycling lorry and we even got into the cab.

KS2 had the first visit out. They went to Highfields School for a well being session. They did some dance, self defence, fitness exercises and made smoothies on a bicycle. We had great fun, lots of smiles and the smoothies tasted good.

KS1 then had their visit, they headed to Sudbury Hall. They're looking at Toys and The Museum of Childhood was the perfect place to go. There was lots to look at, also plenty to get hands on and have a go with. Back at school they've been busy making their own toys.

Inside school KS2 have been looking at Rocks and Soil. We've now got a little collection to look at, handle and learn from. We've made some mini composters and have had a few worms drop in to help us.

We all had a short trip out to Biggin by Hartington School. Here, along with Hartington School, we all met the children's author Fay Evans. She told us stories and about why she loves writing books for children. It was good to mix with the other schools.

We're looking forward to some better weather so hopefully you'll soon see us heading to the village playing field for P.E..

## The Eltonians

You may never have heard of this club which is 20yrs old this year, but it has been enjoyed by many of the older residents of Elton and district, meeting in the Village Hall on a regular basis for a chat, playing cards and other games and enjoying outings and luncheons out.

Due to the Covid pandemic the club has not been functioning since the end of 2019, the number of members were also falling prior to this and there are now too few members to continue. It would be very sad to see this club close permanently and the remaining members are very keen to keep it going.

With a significant number of new members it would be possible to include other activities such as occasional talks, regular craft sessions i.e. painting, 'knit and natter' etc.

If you are interested in becoming a member or anyone with ideas for helping revive this group please contact Carolyn Wilson on 01629 650757

## Elton Sunday Walk – 26<sup>th</sup> March

Cliff Farm, Cliff Lane, nr. Elton, Derbys.DE45 1LL

This is a small place in the Peak District which is dedicated to being a place of peace, meditation and prayer, here at my home, Cliff Farm.

Would you like to come and spend time in this secluded, inspirational, safe place to meet with God in the stillness.? Come on your own or bring a friend, read a book, listen to music, have a coffee, say a prayer or two or...just sit awhile, listen to the birds and the bees... the sounds of nature.

Just come... if life is getting a bit overwhelming or if you are missing a loved one, and don't quite know where to go....just come !

I've been there; I can understand where you are at. Please phone, text or send an email for more details.

**Hello from Darley Dale Safer Neighbourhood Team**

On the 27<sup>th</sup> of January the team spent over an hour on the B5057 at Wensley conducting speed enforcement after numerous complaints from residents and the community speed watch group. Six motorists were caught driving over 35 mph and are being reported for committing a traffic offence. We will continue to complete speed enforcement across

the area. If there are any areas you feel we should focus on, please complete a survey at [www.derbyshirealert.co.uk](http://www.derbyshirealert.co.uk) or pop along to a community engagement listed at the side. Speeding is again the quarterly priority for the Darley Dale and surrounding area, and so further checks and enforcement will be conducted.

I will be at the parish council notice board at Elton on the 25<sup>th</sup> of March between 1600-1700.
